P.O. Box 488
Spanish Fork, UT 84639

Dear Tony:

We have received your Supplement II for the Chicken Creek Gypsum Mine Plan of Operations (Plan) dated June 6, 2005 and the cultural survey report completed July 13, 2005. Thank you. We apologize for the delay in processing, as this is our busiest time of year. Joel Nowak has indicated in recent phone calls to you that we have started the review and would let you know soon as to its status. As of now, we have completed a preliminary review of the Plan and found that further information/clarification is needed for approval. We have also sent the cultural survey report to our specialist for review.

A letter will be sent to you shortly asking for the additional needed information. In the meantime, if you have any questions, please feel free to call Joel Nowak at the number above.

As a reminder, you are to operate within the current footprint keeping in mind the recent incident that disturbed ground outside of the footprint.

Sincerely,

acting for
Thomas H. Shore
